Dear Mr. Schwarz:

The Gentleman I borrowed the cut of myself from is asking me for it. I promised him sometime ago I would get it. I wrote you but did not receive any answer. If it is inconvenient to send it to me, I will come after it if you will drop me a line just when and where to come. I promised him very faithfully I would return it when I borrowed it, and I do not like not keeping my word.

Would it be possible for me to get the other two cuts you used on the placards also? I would appreciate it if so. I wrote the newspapers about the other cuts, but have received no answer to date. I will greatly appreciate your co-operation.

Very truly yours,
